

A1 The Bad Guys

In our atelier we are going to work with children choirs and individual kids on song and dance numbers from traditional and modern musical repertoire.

Language is no barrier for us at Bad Guys: our repertoire includes English, Dutch and Italian pieces and we have an atelier full of many other languages .

We will also study new arrangements especially written for this Festival Europa Cantat XVIII Torino 2012.

We will teach you the music but also how to sing and start moving.....ending in a presentation: "Bad Guys" a moving concert for children with a small band.

As in Utrecht, we will work with the group as a whole and after seven days perform with them in a live concert.
