

## Oratorio San Filippo

*Via Maria Vittoria 5*

The parish recreation center is managed by the "Associazione San Filippo Neri" that promotes and enhances the cultural heritage of the Church, designed by Juvarra. The Church has a single nave covered by significant vaulting and it is lit up thanks to the seven semi-circular large windows in a shell shape.

The congregation of the parish recreation center organizes many initiatives: from exhibitions to seminars on applied art, concerts and guided visits of the church. From choirs to vocal groups to the music School and cine forum.
