

## discovery ateliers

### The secret formula of discovery ateliers: intuition<sup>hazard</sup> x (choices/abc + curiosity<sup>3</sup>)

If following one atelier is not enough, if you like surprises, if you don't want to miss any opportunity to learn something new, if you don't know what to do during a free day... visit our one-morning sessions and explore peculiar aspects of vocal and choral music. There will be a choice of discovery ateliers each morning, on different styles and types of repertoire.

### How can i sign up?

If you participate in a long atelier, you can join the discovery ateliers during your other free days. You can also sign up for the festival for one, two or more days and apply to participate in one or more discovery ateliers.

You may apply in advance to each discovery atelier, while a small share of seats is reserved for those who want to register that very morning.

For the advanced application (that assures you to be in the discovery atelier of your choice while seats last!), you can send an e-mail to [musicofficio@ectorino2012.it](mailto:musicofficio@ectorino2012.it).

It will be possible also to buy your daily ticket on the spot.
