

### Palazzo degli Stemmi

Via Po, 31/b

Located in Via Po, a Former Charity Hospice, the palace is living testimony of his benefactors for its numerous emblems on the facade. Exhausted by war and by the subsequent structural weakness, its restoration was troubled and difficult because of the building's centrality. Palazzo degli stemmi is now a University branch, always bustling of students and contemporary art works that decorate the courtyard, which is surrounded by a majestic colonnade.
