## Sketches from the festival!

You can watch all the reportage from every day of the festival on the **videogallery**, multimedia section!

And in order to be always ready TO sing, take a peek at the "ready TO sing" page, where you can find the opening video for the concerts in Piazza San Carlo and a "best of the festival"...

There are a lot of other sketches not to miss!

Please, send us your video at the festival: upload them on youtube and send us the link (to communication@ectorino2012.it or on our facebook page)! You will appear on our website!

And all of you, be always ready TO sing! *ready TO sing!*
