

## The festival arrives in the book fair!

This year the festival waits for you at the **Salone Internazionale del Libro di Torino** (the international book fair of the city), with preview events and information about the festival. If you are around Torino, don't miss this appointment: come to visit us at our booth "Festival Europa Cantat XVIII Torino 2012" and "Feniarco"! We are there from 10<sup>th</sup> to 14<sup>th</sup> May in Dimensione Musica space.

There's going to be a **choral rehearsal open to the public**: an opportunity to meet and chat with artists, singers and musicians, willing to answer questions and talk with who wants to know closely some repertoire aspects.

An international-known director will present the F3 atelier **Choir, first sight love!** A workshop for those who have no musical or choral experiences: we are waiting for you to

live the emotion to hear your voice as part of a harmonic ensemble.

There will be also a presentation of two new books by Feniarco: **Giro giro canto 4** and **Melos 3**, with a choral performance which is going to lead the public meeting the Italian choral federation and our national choral reality.

On Monday 14<sup>th</sup> May, from 20.30 in Arena Bookstock **Ottetto Vocale Cantus Firmus** from Mondovì (Cn) will perform and we are all going to be involved in a very amusing open singing!
